

Ipswich & District Detector Club

(Affiliated to the National Council for Metal Detecting)

Monthly newsletter April 2021

The club hasn't met since February 2020 due to the restrictions created by the pandemic. That meeting was the auction meeting. A newsletter was produced for the March meeting then scrapped because of the situation.

The committee was able to meet at Sue Seager's home, limited to six people and in the open air. Many items were discussed.

Membership

It was decided to allow all members who were paid up to 2019 would enjoy free membership for the club but would have to pay the N.C.M.D insurance of £8.00. This would be paid to Sue and sent to the address provided with the form attached. Those who have already paid directly or by other means will have to give details of their number to re-join the club for free. Members from 2020 will enjoy free membership next year 2022 in the same way. The N.C.M.D have changed the way they operate as regards the insurance cards these will be sent out directly to members, Sue will provide a list of addresses to the N.C.M.D.

We are still looking into our venue at The Rosery Club and will let members know when we can all meet up again. This is not expected to be until at least July.

We have a day's detecting in hand, this again will not be until later in the year, all proceeds to the St Elizabeth Hospice.

It was pointed out that there is a group who would enjoy nothing more than control the way we go about detecting. I am firmly against any organization who wants to stop us enjoying our pastimes. It is nothing more than an infringement of our personal liberties.

We will keep everyone informed as things change.

Enclosed with this newsletter is a copy of The Club Rules.

With best wishes to all. Dave (chairman)
