Corona Virus Update August 2020

This is intended to keep everyone updated the best way we can.

It looks as though we will not be meeting until the New Year. The Rosary Club is open but is limited to 30 people spaced out and all wearing masks.

The toilets must be manned all evening allowing only one person in at a time. The bar is available but in a limited way. It is not practical to have meetings in this limited way, on average we have 60-65 people at our meetings.

This is most upsetting for everyone; I personally miss all the friendship and support from everyone.

Archaeologists who usually attend our meetings are not working at present, so it is not possible to hand over items for identification. Items already held before the lockdown cannot be collected at present, so we must be patient.

It is worth noting that Gary Southgate has set up a group in What's App called Ipswich Detecting Club and can be contacted on 07711 857 586 this will allow you to be included in real time chat and pictures etc.

Those who have already paid for membership this year will be carried over to the next year.

Its left for me to wish everyone the best of luck detecting and most importantly keep safe.

Dave Cummings
Chairman (acting)
